Dear Co-chair Kennedy, Co-chair Albis, and Honorable Members of the Environment Committee,

Thank you for taking our emails; we appreciate being heard on these matters. Though these bills address very specific issues, they are part of a broad definition of our character, our ability to be decent towards our fellow beings, and it helps define who and what we are as a species.

Please accept this testimony in **SUPPORT SB 361 with the addition of language that would prevent gestation crates from being used in Connecticut.**

I support increasing the penalties for malicious and intentional animal cruelty, and ask that you add language to SB 361 that would prevent gestation crates from coming to Connecticut. The intensive confinement of farm animals is already here in Connecticut – chickens confined in tiny cages at KofKoff Egg Farms in eastern CT -- and I don't want to see further expansion of these types of cruel farming practices.

I am among the 91% of Connecticut voters who want a ban on gestation crates, and I will be following this matter very closely.

Additionally, I **OPPOSE Sunday hunting (HB 6034)**, because I want my one day of peace in the woods and because bow hunting is inhumane (high crippling rate), and I **SUPPORT HB 5707**, which would provide adoption opportunities for dogs and cats used in certain experiments and which would define outdoor sheltering standards for dogs.

Yours truly,
